KADOTA FIGS PAY BIG PROFITS

A company of well known, responsible Los Angeles business men are planting 2,700 acres in Kadota Figs which will be handled as a unit thereby effecting great production economies by applying "big business" methods to ranching. Orchards of one acre or more are being sold with "unit care" on a convenient cash down payment, crop payment and small monthly payment. You will receive some income the second year and thereafter in increasing amount each year, which will be applied on the purchase price. Kadota Figs are in big demand; the supply is small; the demand is increasing every year beyond ability to supply it; the market is only scratched; net income returns are high for the orchard owner. It is easy to own an orchard if you will simply put your money to work. Terms can be arranged to suit your convenience. Write MR. MARSHALL, 855 No. Laurel Ave., Hollywood for facts and particulars.
